

Santa Rosa City Schools & Santa Rosa Teachers Association Joint Statement

September 6, 2017

Good Afternoon SRCS Community,

Over the last two days, SRTA and SRCS worked through the fact finding process to reach a tentative agreement. The agreement will need to be approved by the Association, School Board, and Sonoma County Office of Education. We appreciate the time, energy, and thought put into the process by both teams. Both SRTA and SRCS know and acknowledge that we need to continue to improve health benefits for our teachers. This agreement is the next step in that process. We also appreciate the patience of all those who have been impacted by the process to get us to this point. SRTA and SRCS look forward to working together to build relationships and systems that improve Santa Rosa City Schools.

Sincerely,

Will Lyon
SRTA President

Jason Lea
Assistant Superintendent Human Resources
