

Have you thought about running for School Board?

Santa Rosa voters will make many decisions on Election Day in November, including the selection of three school board members.

Santa Rosa City Schools will host a **Prospective School Board Member Workshop** on **June 19, 2018** for those interested in serving our schools, students and families. This workshop will provide valuable information for anyone considering running for school board so they may make an informed decision before the election filing period of July 16 through August 10.

Superintendent Diann Kitamura and Board President Jenni Klose will conduct the workshop. Topics include:

- time commitment
- the Brown Act
- policy development
- budget responsibilities
- and the vital role that school boards play in public education.

Because of the district's recent transition to a by-trustee area election system, ***only those who live in the three trustee areas that are up for election may run for school board.*** To look at the [Trustee Area Map](#) and determine if you reside within one of those areas, please visit our website www.SRCSchools.org and click on the purple "By-Trustee Area Elections" button.

Please contact Lori Kolacek with any questions and/or to RSVP
707-528-5181 or email lkolacek@srcs.k12.ca.us
